Procedure

1. Add DI-Water and GLE Organic Glycerin and begin mixing and heating to 80°C. Pre-mix Zemea® and Vivapur® CS 032 XV until uniform. Add pre-mix to water and mix for 10 minutes until homogeneous. Add remaining ingredients and mix until uniform.
2. Combine Phase B ingredients together and heat to 80°C.
3. Add Phase C and D ingredients to Phase B while heating to 80°C. Continue mixing until smooth and uniform.
4. Add Phase B/C/D to Phase A under rapid mixing for 10 minutes until homogeneous.
5. Cool below 40°C and add Phase E ingredients.

How To Use

Apply a small amount to clean, moisturized skin blending in with fingers. Continue with foundation and/or concealer for greater coverage or use alone for a flawless natural look.
